2006

Bulkeley High School

Hartford, CT 06114

To the class of 2006,

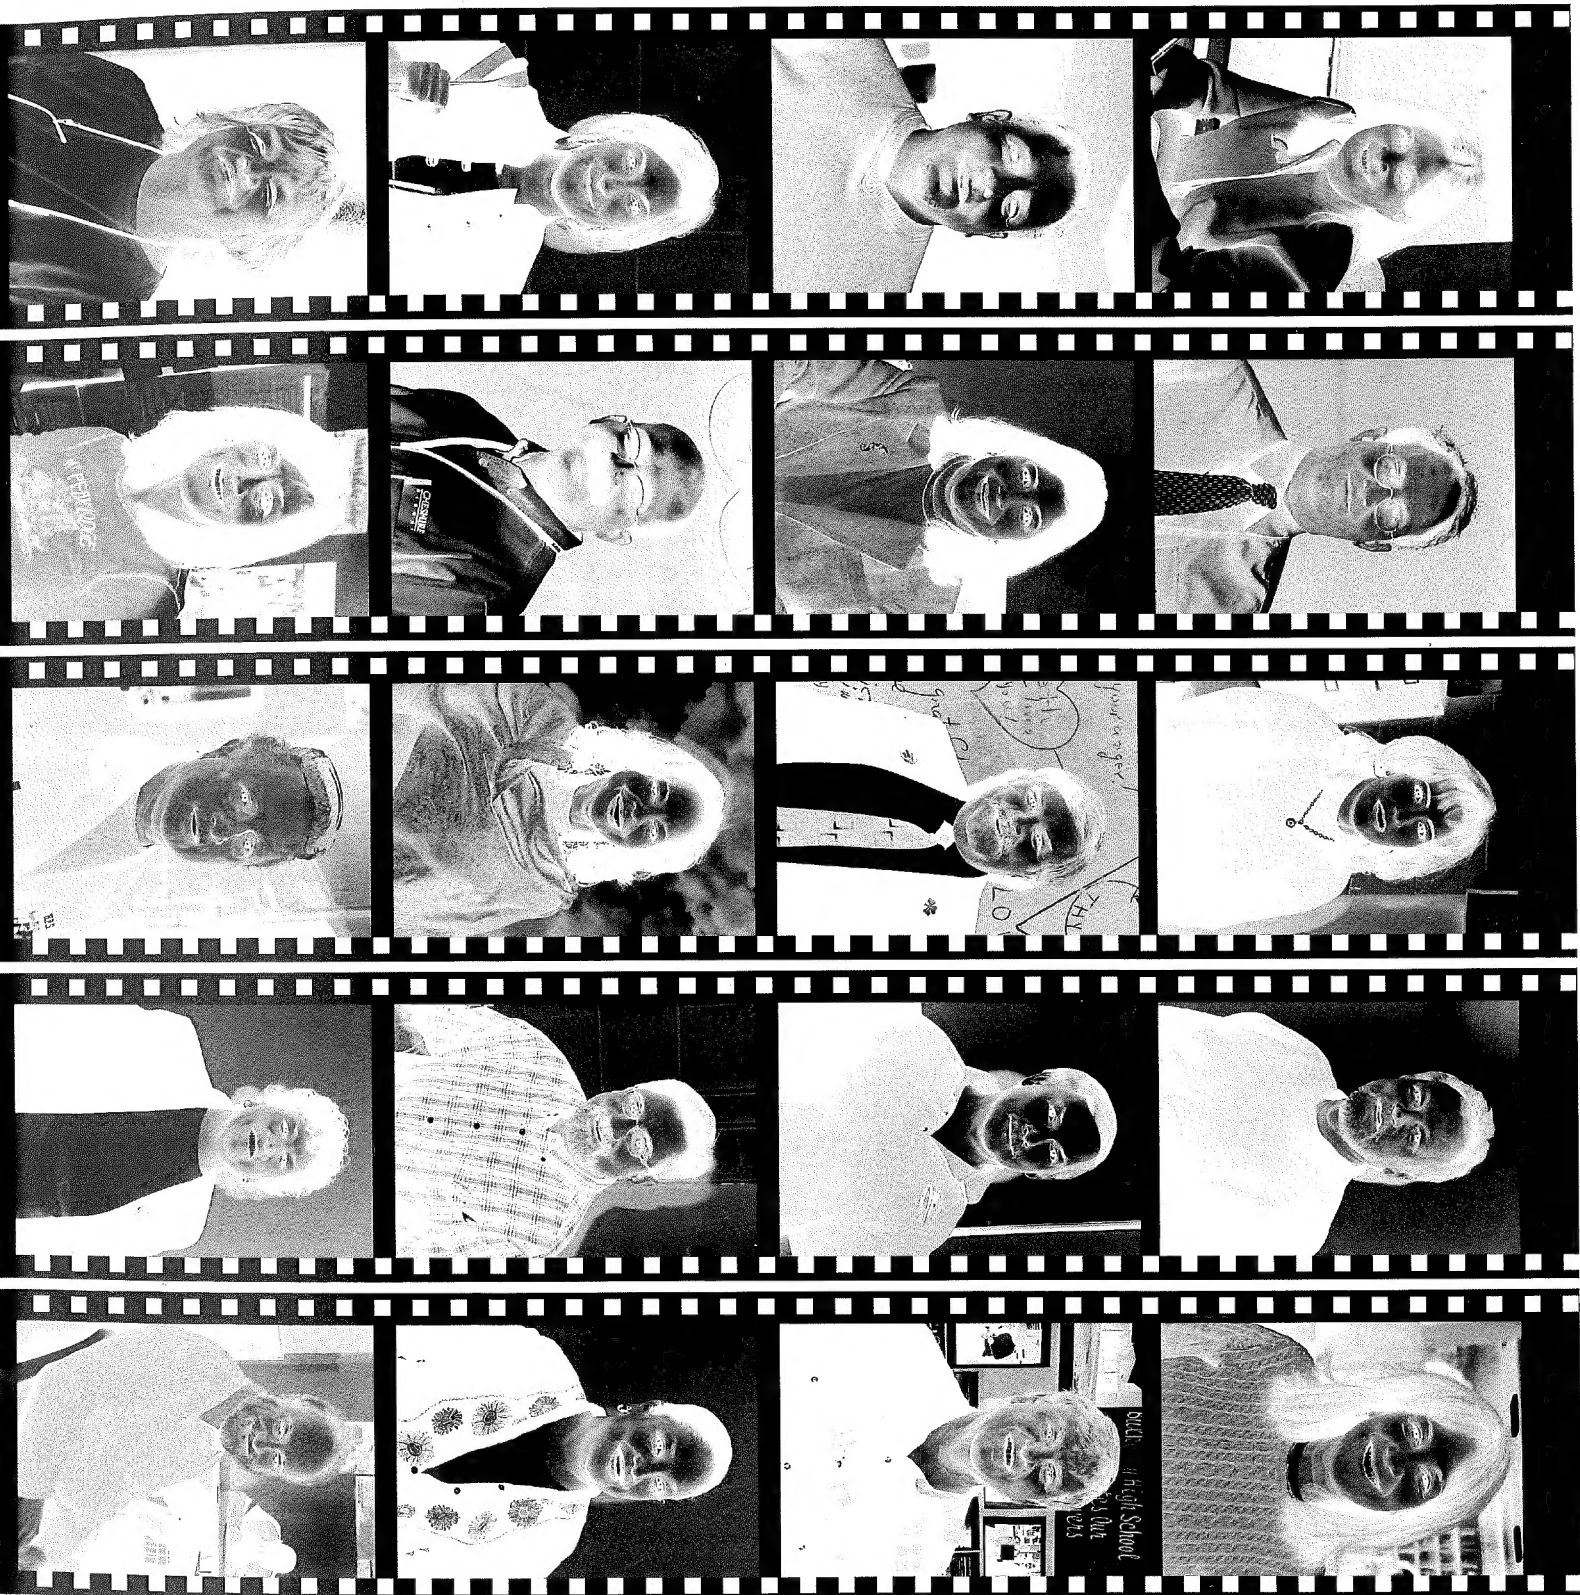

Four years have
passed and we
have made it.
We have a lot
of memories
together, both

good and bad, and through these experiences we have grown up to be the responsible individuals we are today. I think we should take the time to thank ourselves for putting all that effort into getting ourselves this far. We should also thank the staff at Bulkeley High School for all their support, and special thanks to Mrs. Kumm for all she's done for us throughout the years. Hey, the world out there is tough, but we are bulldogs and we can conquer anything we want. Congratulations to the class of 2006 and Good Luck in the future.

Senior Class President
Diana Gonzalez

Note: BHS teachers are hard to capture on film, they move so fast, and some teach in more than one room! If you aren't here, it doesn't mean we don't appreciate you! We just couldn't find you!

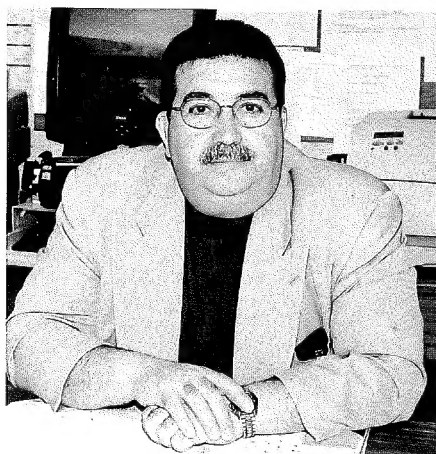

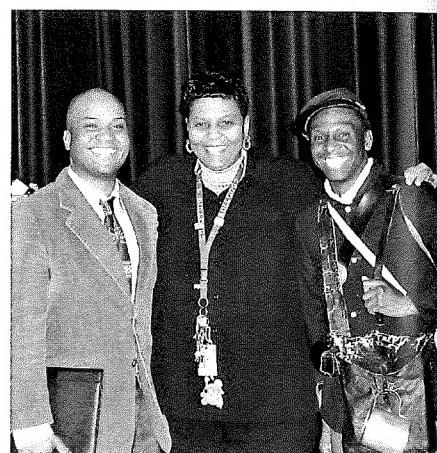

BHS Administrators: When it is time to go to bat.....

Mrs. Miriam Morales Taylor definitely steps up to the plate for us. When our learning environment needed improvement, Mrs. Taylor worked hard to make things better for us. She started many new educational and support programs to help us achieve higher goals. That dedication is appreciated by us!

Mrs. Gail Allen-Greene.

Mrs. Greene, we will miss you when we leave, and your positive advice and attitude you had for us over the years at BHS. All of the activities you get involved with to broaden our horizons are a big help, and your support of BHS athletics is great too. A lot of us can thank you for getting us to this day of graduation. So, here it is... "Thanks Mrs. Greene!"

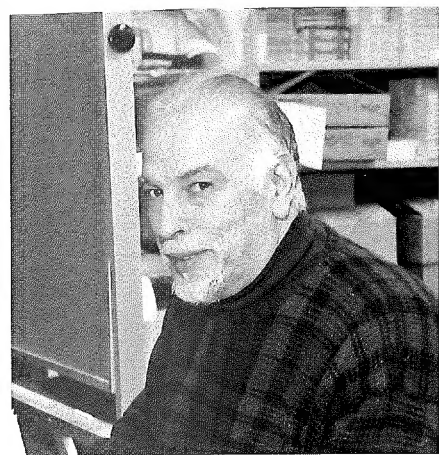

Mr. Tony DiPietro

Mr. D., we really enjoyed our years with you too.... and we hope you come back for our friends who haven't graduated yet! And if you don't, we wish you good luck in your future singing or poetry career!

Ms. Leone We got to know you during lunch when you were on cafeteria duty, and when we got called down to your office, or when you saw us in the hallway. Thanks for motivating us to get to class without yelling at us. We like that style!

Mr. R. Lopez

Mr, Lopez, we think you have been doing too much testing stuff, and that has kept us from seeing you. We will miss you (but not the tests)! Maybe you should give your testing duties to one of the new VP's? Better yet, let's forget testing, and stick to class work! Yeah! Oops, sorry, we got carried away on that thought. Now that we are out, it's OK!

Mr. M. Santiago

Mr. Santiago, The seniors miss you and your dedication to us over the years. We made it out though, with your help, and the help of your team-mates. Thanks for everything!

Ms. Violette

We missed Mr. D. when he left, and weren't sure if somebody else could take his place. After we got to meet you, we think you are pretty nice too. We will definitely miss you when we leave. Thanks for everything!

Thanks to all the teachers and staff that worked so hard to help prepare us for the future!

Props to the teachers of Bulkeley High School!

You know who you are!

(Here's a small sample chosen at random:-)

Mr. Booker, thanks for telling us we CAN be great! We'll prove you right! Thanks for believing!

Ms. Gonzalez, Thanks for helping us out with our data. We won't bother you again (we hope)!

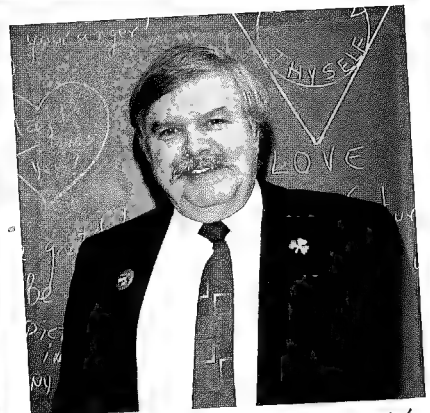

Hillman, thanks for everything. Can we come back and visit? What? Go to class or work? OK!

Ms. Jajliardo, who thought a Social Studies teacher that makes us work hard would be fun? Thanks!

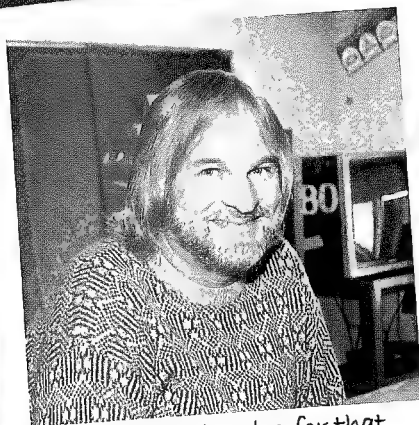

Mr. Kowalski, if we remember one thing, it should be "when you have your health, you have it all".

Mr. Menendez, thanks for making math fun & understandable, and working so hard for us!

We mentioned teachers as being the "spark" that ignited our interests in our education, in our possibilities, in our inner talents, and in our room for improvement. Everyone has room for improvement, and sometimes we didn't want to hear about it when we were given suggestions on how to improve. Some didn't heed that advice, and because of that unwillingness to accept guidance, some of us are not graduates! But many of us did listen, did expand our capabilities, did learn, and did succeed. Many of us have been 'awakened' by our teachers, and although we don't often share that with our teachers, we do appreciate all the effort that you guys have put into our education. We hope to visit in the coming years to share stories of our successes with you! Anyway, we think you guys should get some props, and we had this page..... so we picked a few teachers that represent the Bulkeley High teaching staff. If ya ain't here, it's only 'cause we didn't have lots of room!!

Mr. Morrison, thanks for that "summer of love" groove you show us. Makes for a nice class & world!

Mrs. Allen-Greene, thanks for being our number one fan in the stands! We're winners, Oh yeah!

Tomony, you're not so tough! We know you care about us. That's why you work us so hard...right?

Ms. Torres-Salgado, you're kind of serious with us, (well, most of the time) but we like that. Thanks!

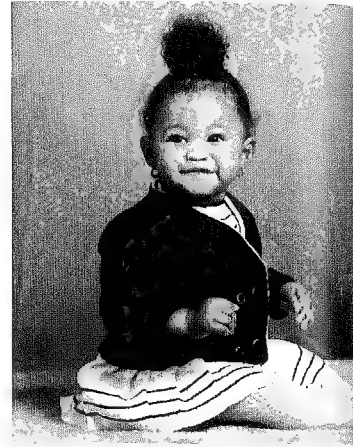

Mrs. Kumm, your school spirit even rubbed off on us. Thanks for helping us appreciate BHS. '06!!!

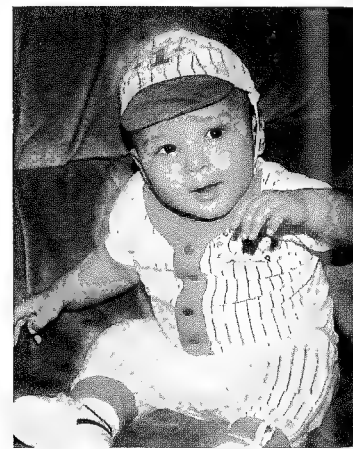

Mrs. Blake showed us how art can make the world so much better! We hope art class is still here when our kids get here! Thanks!

They start off so young.....

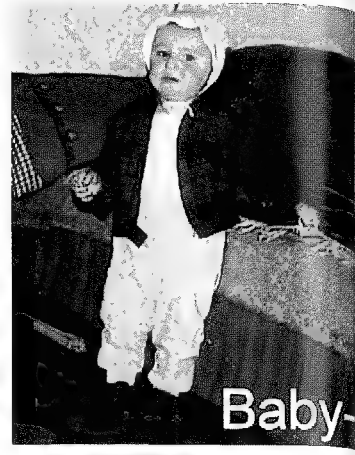

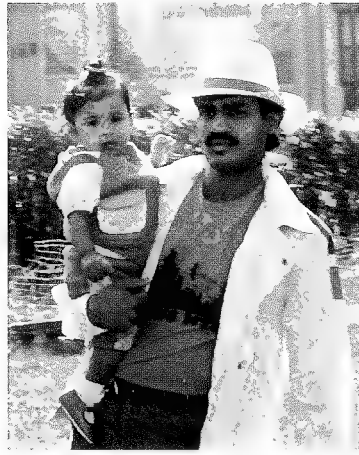

Babies are Angels that fly to the earth,
Their wings disappear at the time of their birth,
One look in their eyes, and we're never the same,
They're part of us now and that part has a name,
That part is your heart and a bond that won't sever,
Our babies are angels, we'll love them forever!

Have you heard about the new super-computer everyone is talking about? The one with the unlimited processor speed, huge memory, and it's never outdated? It doesn't use electricity to run. The only drawbacks are you can't return it, and you have to program it every day as soon as you get it home. It's hard to erase any bad files that you upload into its processor, so knowing what to do with it BEFORE you bring it home is really important. It isn't really fast at first, but it gets faster and smarter every day if you program it right. It even takes in data from other sources, like TV and video and music, and the people around it. If you treat it right, it will someday work all by itself. It will never lose or forget the data you put into it. If you treat it wrong, it will cause you problems down the road. Be careful with that baby. Really careful. It's a human life. Respect it. Love it. ♥

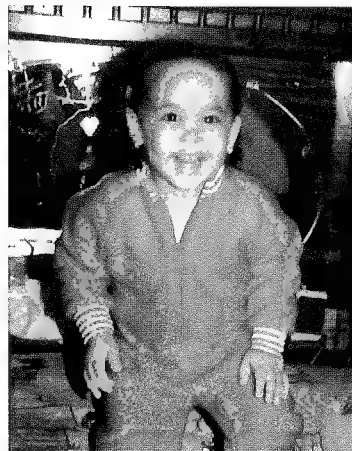

We forget that forgiveness is greater than revenge.

People make mistakes.

We are allowed to make mistakes.

But the actions we take while in a rage
will haunt us forever.

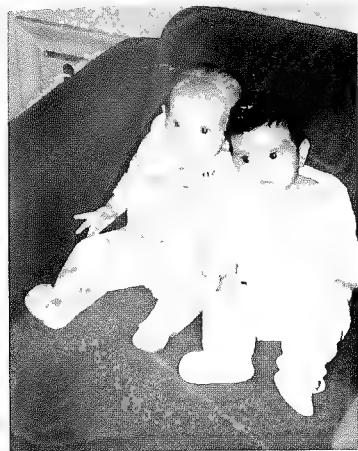

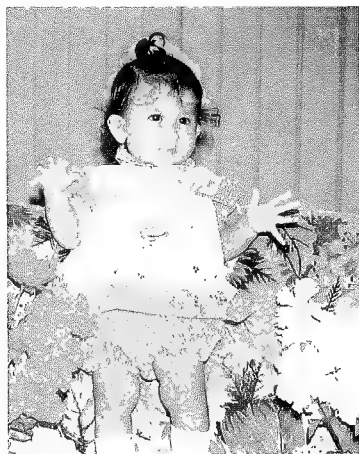

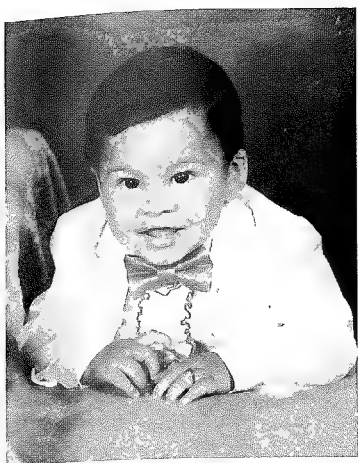

Pause and ponder. Think before you act.

Be patient. Forgive & forget.

Love one and all.

If you judge people, you have no time to love them.
– Mother Teresa

If a child lives with criticism, he learns to condemn.

If a child lives with hostility, he learns to fight.

If a child lives with ridicule, he learns to be shy.

If a child lives with shame, he learns to feel guilty.

If a child lives with tolerance, he learns to be patient.

If a child lives with encouragement,

he learns confidence.

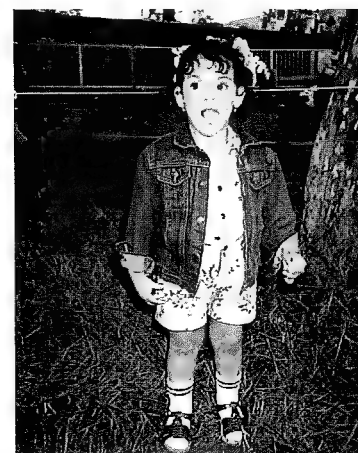

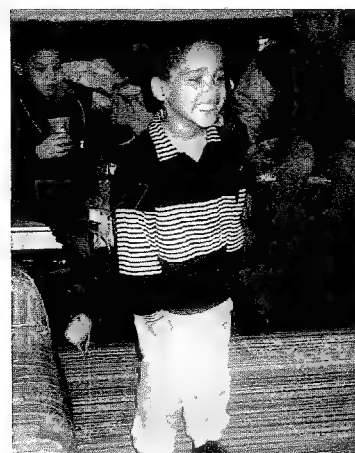

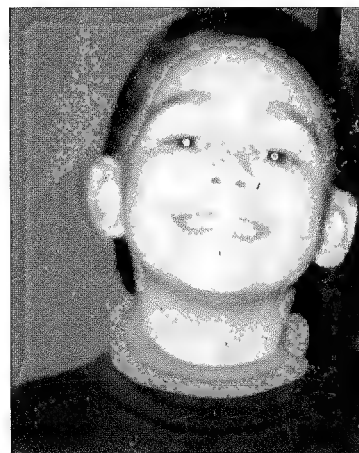

If a child lives with praise, he learns to appreciate.

If a child lives with fairness, he learns justice.

If a child lives with security, he learns to have faith.

If a child lives with approval, he learns to like himself.

If a child lives with acceptance and friendship, He
learns to find love in the world.

PAST YEARS

Nothing can show and describe the class of 2006 like pictures can. As they say, "a picture is worth a thousand words". We got some pictures, but only from a very few seniors. If you see a lot of the same faces, it isn't favoritism, it's the reality that very few seniors gave us pictures, and we had to choose from what we were given.

Note to self: Check negatives for under-classmen that may have been photographed by mistake. It's hard to tell these days. Use them if not enough seniors have their picture taken, or if they don't turn in enough photos.

Evelyn Aguilera

I want to thank first God. Second, my parents and all my family, because they helped me to become what I am now.

Gladys Algarin

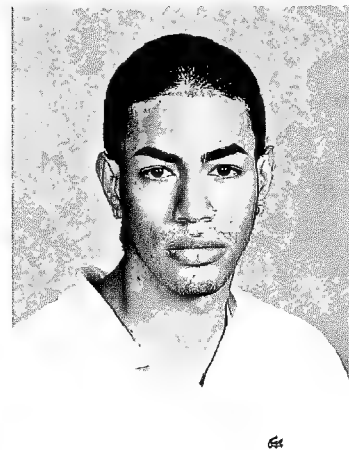

Most of all I want 2 thank God 4 giving me the opportunity 2 graduate & also thank him 4 blessing me with my beautiful son Richi. I owe a big thanks 2 my mom 4 sticking by me. I love u Mom! Last but not least, I want to thank my babyfather Pascual 4 loving me & 4 being there at rough times. LOVE U!

Phydoe Milkbone

First I want 2 thank all the students at BHS for making the last 4 years such a great time! Remember, if everyone got a few pats each day, a treat or two, and some kind talking to, like I did, the world would be a better place. Thanks to all of the teachers for helping us graduate. And remember folks, do what I do. Give kisses to everyone you meet!

Migen Lubonja

I want to thank my teachers for making my four years at Bulkeley a great experience, and I would like to thank my parents, especially my mom for supporting me throughout my life. I will always remember Bulkeley because this is the place that developed me as a person and has made me ready to face the future.

Edna Zayas

I would like to thank my Mom for pushing me to go to school every day and my son for being my motivation to finish school. I want to thank my role model Mr. Basile who is not here anymore he's helped me a lot.

Ricardo Zea

After four years of BHS, I AM proud to say that I've made it. I would like to thank God for guiding me through life. My parents for being there for me, always!! My two bros. Who I love the most! My grandparents family, Thank you for EVERYTHING. To "TC", FM, C, AS, KB, BR, & those who already know. Go C/O 2006!!!!

To be continued.....
Due to the number of senior portrait proofs turned in late (or not turned in at all) a printing plant error occurred, which affected both on-time and late students. Some senior pictures were printed late. They are included on the following pages. In business and in life, time is of the essence! Always be on time!

Due to circumstances beyond our control, some student portraits were missing. We were able to get them and fit them in here. Last, but certainly not least!

Michael Rodriguez

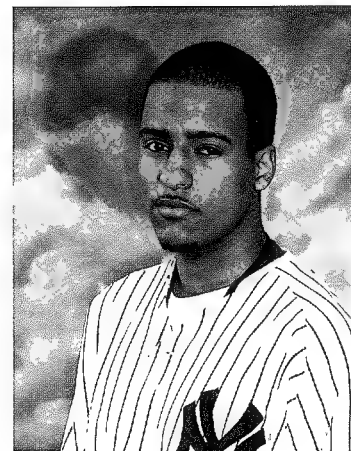

First of all I would like to thank my parents for all the support and motivation they have given me. I would also like to thank my friends and wish them the best of luck. And last but not least, the teachers that have helped throughout my years here at BHS.

Nadia Ortiz

I want to thank my friends, and wish them good luck. Thanks to my parents and teachers too!

Gilbert Santana

Thanks to my family for all of their support; my teachers, without you I don't know where I'd be. Now my shout outs to all my best friends: Izzy, Felipe, Jenny, Eric, Brenda, Sammy, Pedro, Smith, Mrs. Violet, Wilfrank, Robertin, Bryan G., Jaime. "Well I'm out I want to say 1 thing don't get caught breaking the law cause if you do I'll come get you"!!

Alan Lewis

Jesus Hernandez

Thanks to my family and teachers, and to all of my friends here at BHS, and especially my team-mates. Thanks for everything, and good luck to everyone in the future. Remember this: "When you stop swimming, you sink".

Senior

Superlatives

We asked 'who is the...' You voted, you spoke....

So here they are, the most motivated, the best sense of humor, class clown, most studious, and more. Of course you know that these votes might be 'somewhat inaccurate'. Why?

Well, we have many students that are worthy of the titles nicest smile, best accent, most studious, best friends, best dressed, etc. Just because you didn't receive the most votes, it doesn't mean that you aren't worthy of a title!

Andy won most changed, for growth both physically and intellectually. He won't stop here!

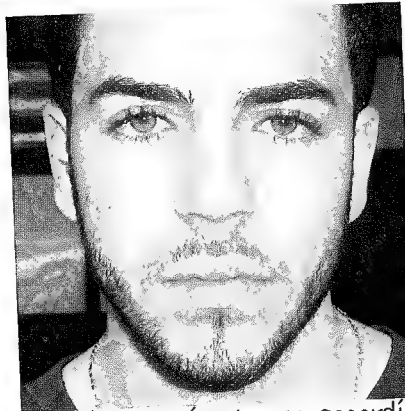

Melissa, most considerate of others. A breath of fresh air in a time of rampant inconsideration! We'll vote Melissa for President!

Iran, most popular guy. Why? Lots of reasons... hard-working, reliable, honest, fair, respectful. A real man.

Zuly the Artist. Creative expression both in herself and in her artwork. One of a kind! We see fame ahead!

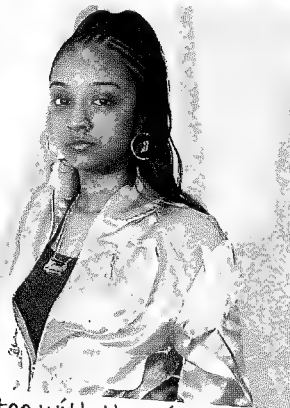

Brian with the nicest eyes, according to the BHS girls! Keep your eyes open, and don't get those dark sunglasses, unless you need them!

Sylvia, most sarcastic, but in a good way. You were kidding, right Sylvia? We know about your sentimental side too! Big heart!

Gavin Clark, Most artistic male. Where the hand works without the heart, there is no art. Gavin has heart!

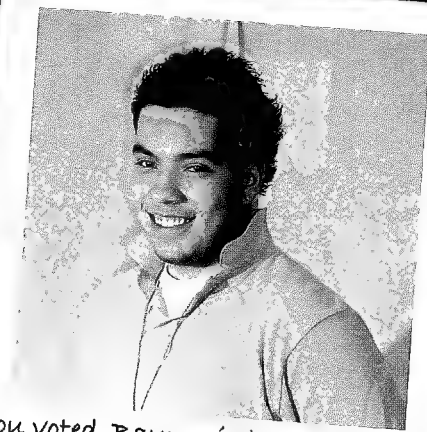

Anna Kistoo with the nicest hair. It takes a lot of work to maintain that title!

Julia, most changed. Who was once really good is now even better. How's fantastic sound?

Sally deserves the title. Try doing all she did, as well as she did!. Competition separates the women from the boys!

You voted, Bayron is best dressed, and always looks good. Take note, guys, learn what real style is.

Cherlyn, class heartbreaker. But only if they let her break their hearts! Gotta break a few eggs to make an omelet!

Eli, a great best friend. That's a special trait in today's world of the 'me' generation and lifestyle.

Jasmin won most likely to succeed, and it seems like a sure bet that she will. Knowledge IS power!

Lucia, most dedicated to her education. That dedication, applied to help others, could change the world. Does the world need it? Yes.

Crystal won best people meeting skills (most flirtatious). She should pursue a career in politics or law!

Joey, most optimistic. Life can only be great when you have the right attitude, and Joey has it!

Denise and yaritsa are definitely in the 'best friends' category. That's a good thing. Friends make life great!

Lisa won best dressed. Any clothes would look good when Lisa wears them!

Ricardo has the nicest hair, whether in his 60's biker mode, or as a 21st century man. It's all good!

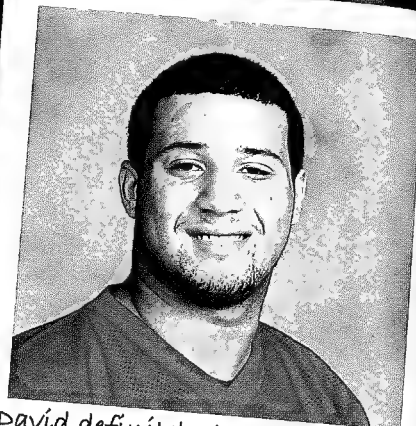

Leroy and Gladys with the funniest laughs. We thought you'd like to see the serious side of them before they left!

Patricia, the other class clown. What mischief lies behind that smile? We know.... plenty!

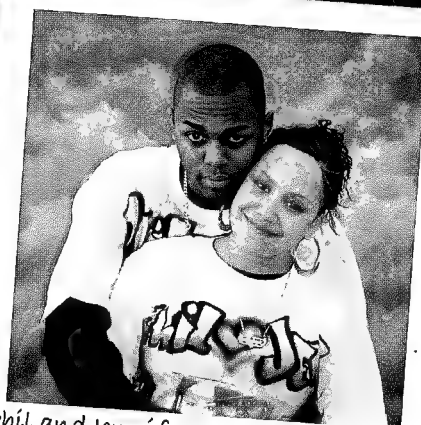

Alexandra, nicest eyes. Definitely captivating and memorable. Viewers, be strong, or be affected! Not that that's a bad thing!

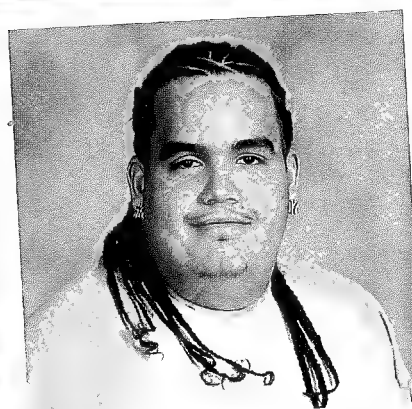

David definitely has school spirit. Thanks for that! David really made our events more fun!

Marvin, that smile! We will probably see more of that too, if Marvin keeps playing ball. (college games on TV?)

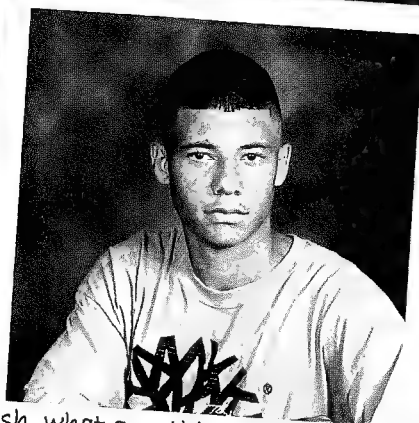

Phil and Jennifer, a solid couple. What's their secret? Communication, respect and honesty. Try it! It works!

Brian, voted class clown, and we aren't clowning around! Also, a best friend. What's not to like?

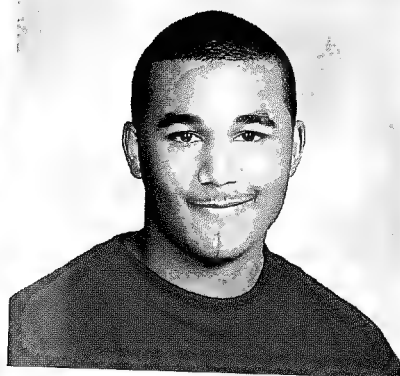

Courtney, most popular because she is a great friend, considerate, kind and fun! Don't change!

Josh, what an athlete. Dedication to your goals and hard work make one a winner, in life and sports.

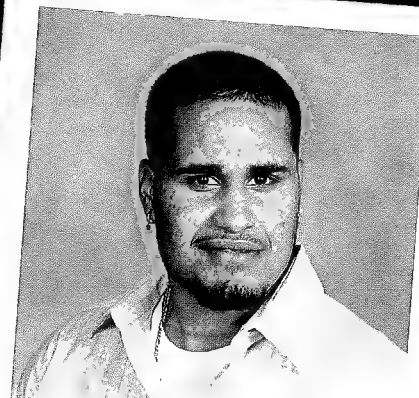

Diana with the most school spirit. If it wasn't for people like Diana, school (and life) would be boring!

Jonathan, most sarcastic. What a sense of humor. Keep it, and share it. Life with humor is better!

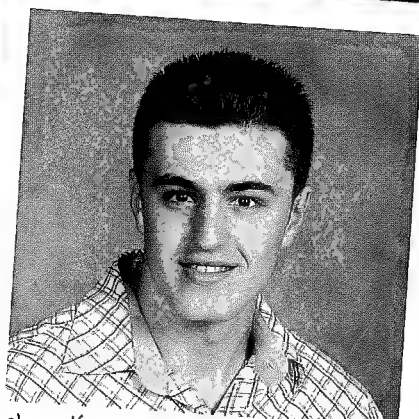

Claudia, most studious, but still she takes time out to promote culture through dance! A gem!

Jose, one of several guys voted most likely to succeed. Keep up the good work, report back at our 10 year reunion!

Victoria is most outgoing, a sure sign of confidence & character. She will go far with those attributes!

Zehrudin, most studious. We see "Z" in high places someday. CEO? Political leader? Something good!

Kristina the poet. Poetry is an art that shows a glimpse of the inner beauty of a person. To match the rest of her!

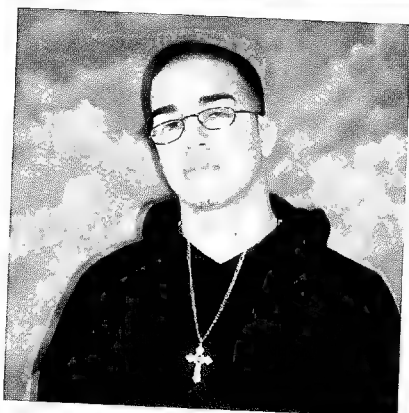

Sarah, a great Salsa dancer, which explains the nickname Salsera! Keep burnin' up the floor!

Andre, best male dancer. You had a lot of good senior dancers to be chosen from, so you must be good!

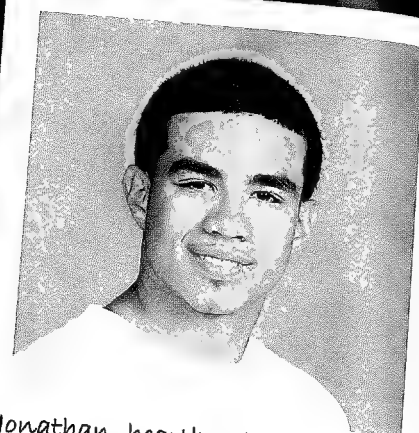

Alicia, known for her range of dance styles..... the modern dancer. NYC? LA? We'll be watching!

Derek, most poetic. Keep writing, we want to see you in print, or hear your lyrics someday. Do it!

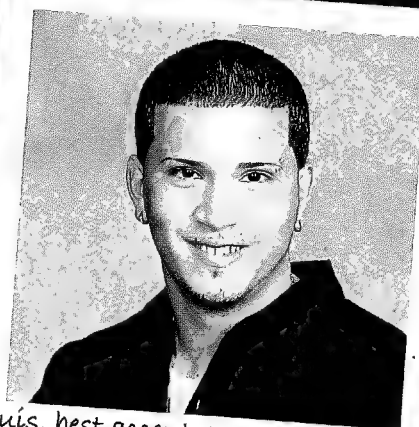

Dyonisia, best portrait. If there was 'best hair, smile and eyes', you'd have the title. We guess you do!

Jonathan, heartbreaker. Be ready, you may meet your match! Hearts heal, life moves on!

Blanca, best accent, like sweet music. With so many at BHS to choose from, this title is an honor!

Luis, best accent. We see a future in voice-overs... if you get tired of being an architect or builder!

Jackie, nicest smile. It's best seen in person! So good, we had to put her in the book several times!

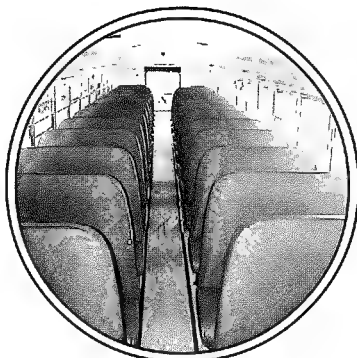

The Life of a Senior...

As seen through the Lens

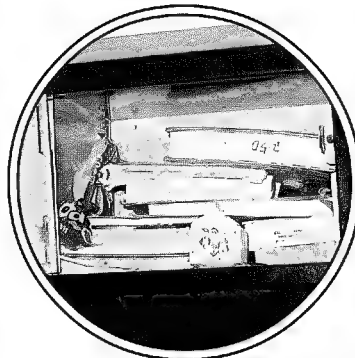

You think you know, but you have no idea. This is the life of a Senior.

Caffeine. Often used to replace sleep. Sort of works, for a little while....

Fine leather interior in the limousine. Right!

The BHS locker. Repository of antiques.

Missed the caffeine, fell out. Missed more...

Church, theatre, driving, classroom. Four places NOT to be on the cell!

Looking good in front of the art wall. Art is king!

"Someday, I'll be eating like a king. I'm worth it!"

Here we see wiley students stalking their next meal.

Dedication and focus gets published results.

Lab skills are in big demand. Science or medical future?

2:15, where's my ride?

Pay your dues!

BHS Students Love.....their cars! Let's Drive!

Many students are enthusiastic about driving. We have the speed demons, the safe drivers, the law breakers, slow drivers, and the mechanics. Where do you classify yourself?

You have your high performance cars (which need high performance wallets) and then you have.....

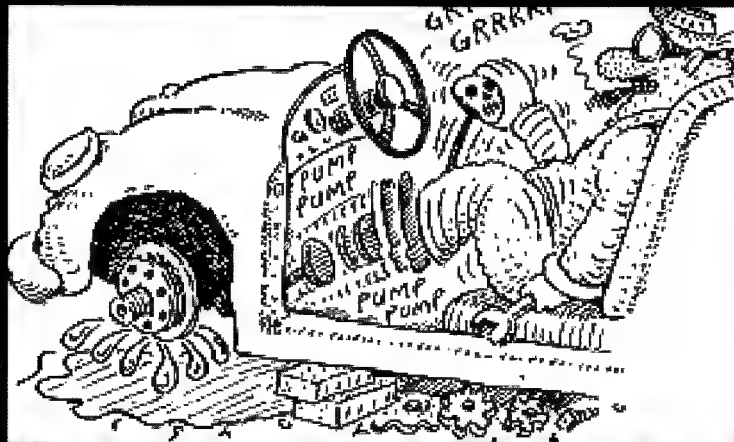

Speed Demons These are the guys (and gals) who think the gas pedal has two positions, ON and OFF. They love to go FAST. The best place to be on the road is behind them... otherwise they may develop "issues" trying to get around you. Do we have any of them here at BHS? We're not naming names!

Your respectable, common-sense cars... the kind that blend in to the crowd (and avoid tickets).

Slow drivers. These are the folks who go below the speed limit. Even in clear visibility, with no traffic, they still creep along at a snails pace. They will spend two minutes at an intersection at midnight, making sure it is safe to go. And then they will wait some more. Do they make YOUR blood pressure rise?

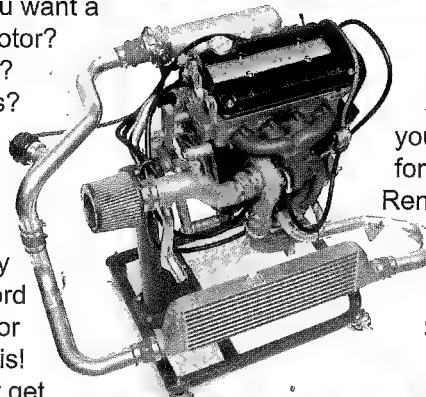

Getting a license and being able to drive for the first time is the best feeling in the world. Being able to go out without a parent telling you how to drive or what to do is a great experience. Plus, you will make LOTS of new friends when they discover you have wheels! With gas hitting an all-time high, you should get those free-riders to chip in for fuel! Or they can walk!

Your first car should be a bucket, so that when you mess it up (and you will), you won't be losing a lot of money. It doesn't make sense to buy and pay for a valuable car, when learning on it will take a toll on it, and devalue it quickly. BUCKET! You can fix it yourself and save money, IF you know how to twirl a wrench. Shoulda taken Auto Tech!

So you want a hot motor?
Turbo?
Nitous?
Cam?
It takes mad money to afford a motor like this! Better get

a high paying job to support your need for speed! Remember when gas was \$2.95 a gallon?

Drive again! Blood drive that is.

BHS Students give their best, their blood!

What's so important about the Red Cross blood drives held every year at BHS? They **SAVE LIVES!** Every day, people get in accidents (driving too fast?) or get injured, or need operations. Many times, these people need blood to replace what they have lost. Only 5% of Americans donate blood, yet each day, hospitals call for emergency blood supplies. The Red Cross needs 34,000 donations **EACH DAY** to keep up with the demand. What is so special about blood donors? They are **HEROS!** Their gift of blood saves lives! One pint (the average donation) can save up to three lives! Have you donated? These people did! Heros, all of them.

snacks! The best reason to donate blood? Not really. The best reason to donate is to save lives!

The nice and professional student staff helped sign donors, and pre-qualify them before the students donated.

Chris, always brave on the boards, and here in front of the needle!

No, they don't hire vampires and fairy Godmothers to work the blood drive, it just happened to be that fun day, Halloween!

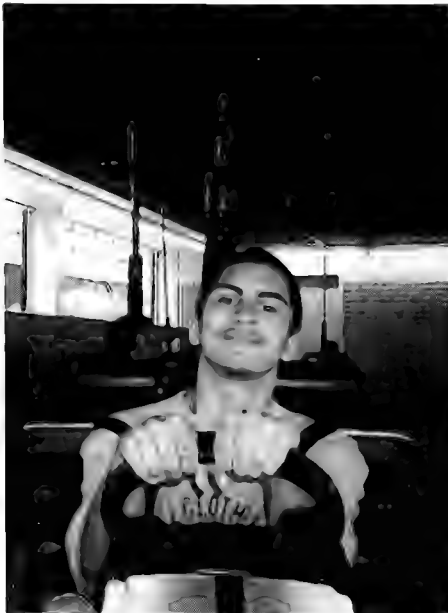

Is this donor weak from loss of blood? Don't worry, he's just taking advantage of the glory his brave deed brings. Smart guy!

Another fun BHS authorized event.

Ramon avoided road-rage on the bumper cars. He wasn't enraged, he was enjoying slamming into other drivers. Is it ok if it is done with a smile? Ask the DMV!

They may be smiling now, but you should have seen their faces (and heard the screams) on the ride. And that was before the car left the loading area! Engineering improving life. How about roller coaster commuter systems to get us to work faster and safer?

Who is that girl, where did she get those great sunglasses, and what is she doing to that small stuffed animal? Enquiring minds want to know.

I don't know about you, but the last thing I want to see is a creepy gargoyle hanging around the ride I am about to get on. Remember Twilight Zone, the movie? The airplane? I do!

What do you get when you mix four people, nine hot-dogs, three cotton candies, two gallons of soda, Doritos, and a spinning ride? Take a guess.....!

Hold the bus! I want a window seat! Are we there yet? Are there refreshments? Is the bus driver experienced? So many things to think about Now *this* is a worth-while trip

Thumbs-up. A common gesture used by pilots to convince themselves everything is OK!

More. Student submitted photos of the class of 2006 doing what they do best. More pictures! Now it's up to the class of '07! Get ready for next year. It's coming!

BHS art works. Is it art? What is art? Who has art? T

The first expression of mankind.

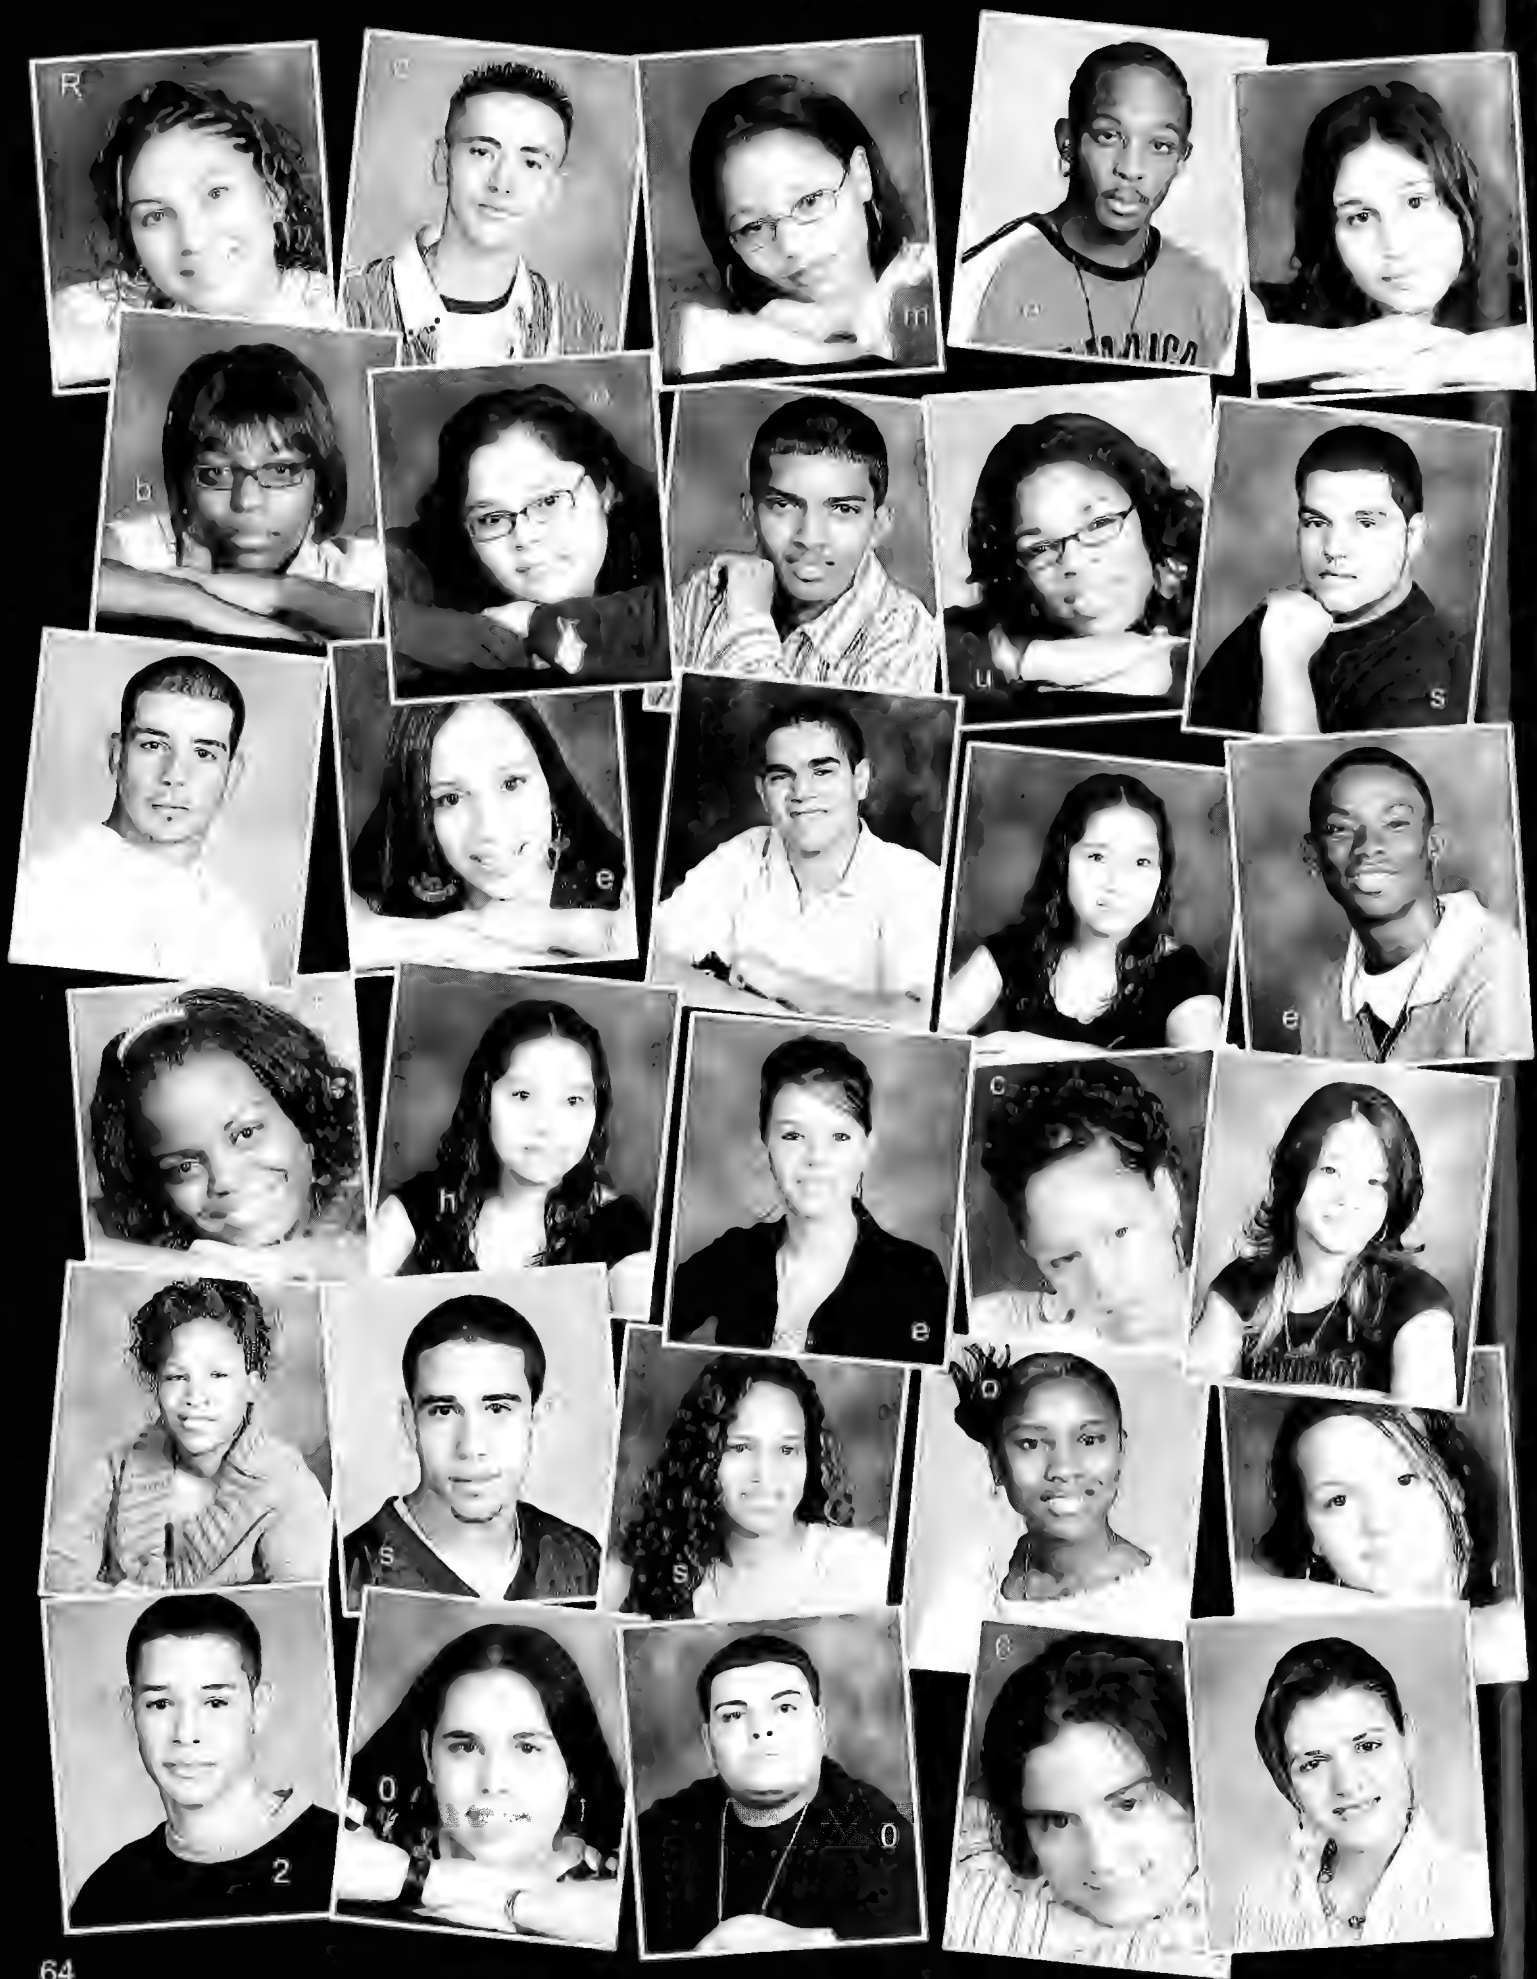

What's so special about art? Think about this. What is the one thing man does that animals don't do? We build homes. Animals build homes. We have language. So do animals. We experience and show love. So do animals. Just ask any pet owner. So what separates us? We create art. Thousands of years ago, before we could write, we were drawing beautiful scenes on cave walls. We found a way to express our feelings in pictures, which could last many lifetimes. We discovered a way to leave a mark on the world that brought enjoyment to those who saw it. We still have that capability inside us, in each and every one of us. All we have to do is try it, and learn about it, and grow with it. For a fortunate few, that talent is stronger than usual. Those are the lucky ones! A world without art would be dry and sterile, cold to the view, the touch, the ears and eyes. Anything made or done without thought of the art of it, cannot be excellent. Anything done with style, with flair, with art.... is something done well. Look at and look for art in everything you see. Everything you do, do it as if it were your art. Our world will be better for it.

Art students viewing art while setting up for the show. Student works show that there is a lot of artistic talent at BHS. Talent that should be further developed!

Field Trip! Parle vous Français?

...There we were....getting on a plane, after watching 'LOST' ...the episode with the scary French woman. Flying is fun! Really! We made it back in one piece, with a new appreciation of the size and smallness of the world. We saw grand old architecture, modern clean mass transit, and a lot of other memory making sights. Travel expands the mind. Try it!

The French take love (and flowers) seriously. Life is better when you are thinking love and peace. Try it!

Even McDonald's has class in Paris. And they don't have 'supersize' meals or clothing sizes. Hmmm....

No, it wasn't a French crime scene, it was a famous painting. Still scary! That's art with impact!

Careful! Those two fingers might mean something else in a foreign language!

Sociology with Dr. Turner

Students say Dr. Turner takes the cake.....actually, he brings it in to celebrate the end of an ambitious unit on the concept of culture. The blue and yellow matches the shirts nicely!

Students in Honors Sociology spell out the name of their discipline for the '06 class. The shirts represent two different cultures that they researched and presented. Then, to college!

Whoever cooked this should start making our lunches!

Mrs. Violette and Mrs. Marshall joined in the class to celebrate the end of the unit, and try exotic foods from the cultures explored. Lots of warm Caribbean and Mexican food. Mmmm!

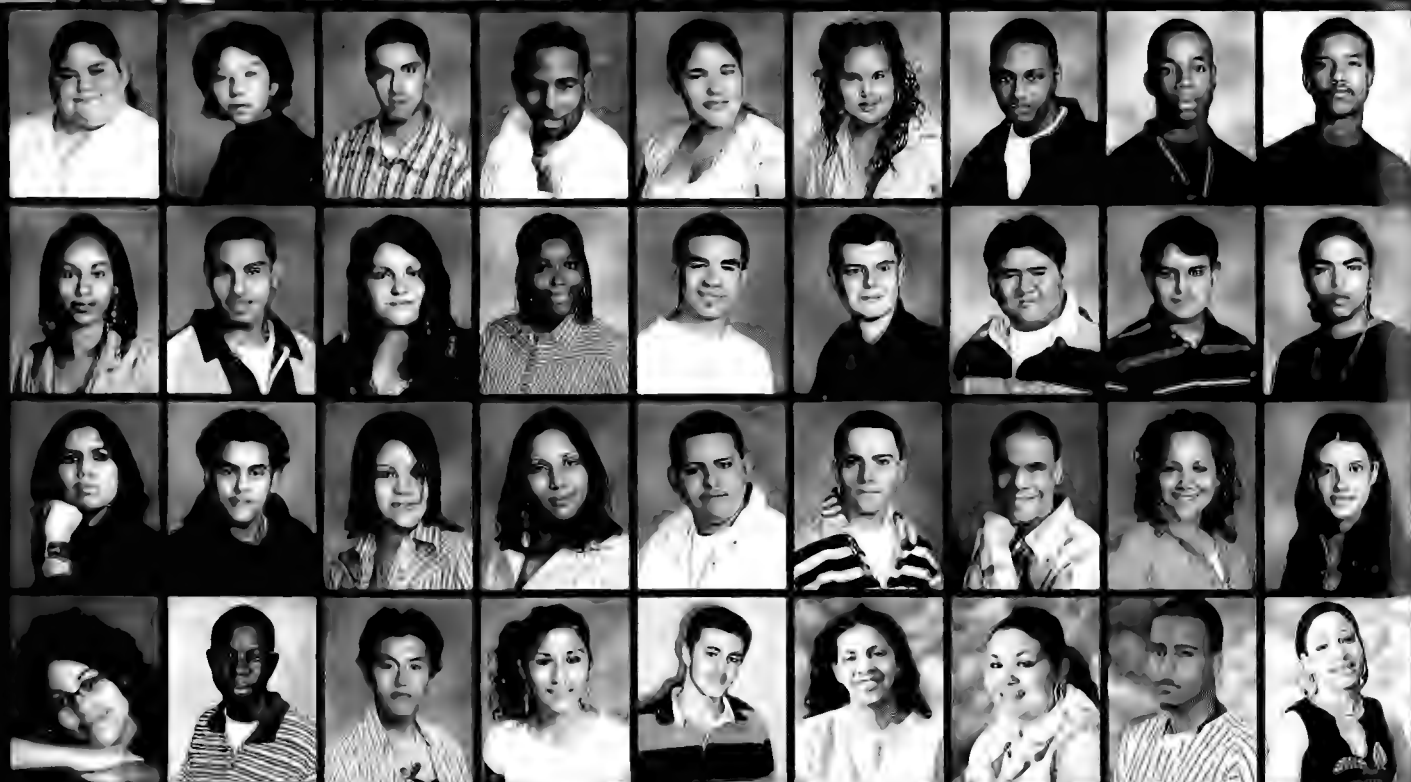

Shanice tries some food from other countries.... and finds out it is yummy!

WHERE

are you going, and what will you do? Will you get plump on the couch,

While hiking in a quiet autumn forest by the sea, I came upon an ancient graveyard. Carved upon a stone from 1763 were the following words: "I cannot stay, to go I must, to lie in clay, and turn to dust, as I am now, soon you shall be, prepare yourself to follow me". To the owner of that stone, that poem was the most important message they could leave for the living. It got me to

Time is precious, time is rare, waste it not, use it with care, for once it's gone, it's gone to stay, and you can't buy another day.

with 'nothing to do', or make the world better, with the things that you do? Time to 'step up'.

think. Why was that message so important? In those days, life was hard, feeling, and precious. The person in that grave felt strongly about the value of being prepared, of living a good life in which you do the right things, and do your best to make the world a better place. They wanted to have led a life they could be proud of, when they 'scored it up' at the end. They valued life. Has anything changed?

Yeah, he designed and built this house.
Next, a real one.
Watch!

As we come to the end of the rainbow (or at least the color section), remember this: Life without art, music, literature, dance, sports, passion, compassion, a cause, an idea, a plan, a purpose, a goal..... is life without color. If one of these things is 'your thing', keep doing it. Teach it to the young. If none of these things are your thing.... learn one or more. Your life will be enriched. You will never be bored again.

You know who your friends are. They're the ones who want to see you go far. Go far, but stay in touch. Write!

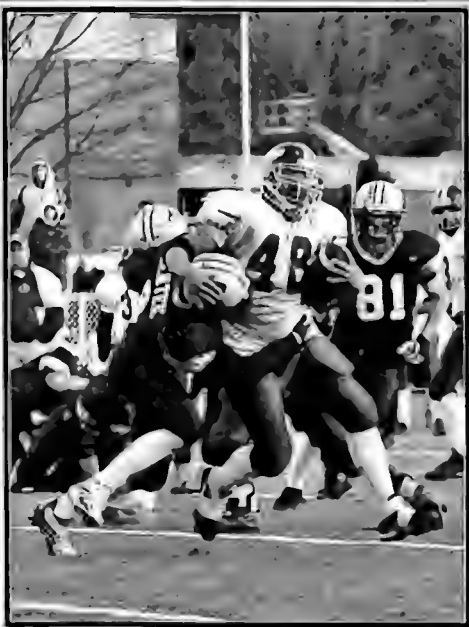

BHS. ATHLETICS XXL

In this case, "XXL" stands for extra-extra-large, which describes the hearts and accomplishments of the 2006 BHS athletes. We had some outstanding season records made and broken, and we saw steady improvement shown by many of our BHS athletes. The underclassmen will continue to make BHS a name to be proud of, and the graduating senior athletes will be proudly remembered for their accomplishments throughout their years here at BHS. Keep running, playing, swimming, diving, always striving to improve your game, your personal best, your health! That famous old adage "All work and no play makes Jack a dull boy" may hold more truth than you know. Of course, all play and no work makes for a dull mind too. Work hard, play hard, and be happy! Enjoy these pics of your student athletes. We have to apologize for some missing photos. Two CD's of photos disappeared, and the photography plant archive couldn't provide more. :-(

BHS FOOTBALL

Who needs more strength, stamina and heart than a football player? Many will argue the point that all athletes need the same level, but remember this: Football players are like Marines; they need to be able to perform in any climate, from hot September days, to cold snowy November nights.....and in any weather in between. And all while wearing hot, heavy gear. Did you ever try to run, block, receive or tackle while wearing a helmet and pads? It isn't easy! You want to know what rodeo feels like? Play football! Here's a salute to the BHS Bulldogs! (Our apologies for the small number of photos. The football pictures CD mysteriously vanished, and the studio couldn't provide us with another CD. Thanks to David Bryon for providing these).

AUTOGRAPHS

PUTTING A KICK INTO OUR STEP!

Soccer, or should we say football, is probably the most watched sport in the world, due to the number of countries where it is the number one sport. Got legs? Got wind? Got determination? If so, you just might be a soccer player! We have some good ones at BHS. How could we not? We have players from all over the world. A truly international team. That's what makes our team such a great blend of talent, styles, and great accents!

BHS GIRL'S SOCCER

BHS Boys Basketball

Concentration, as seen on the face of an athlete like Chris B., is a true view of success. Success comes not from always winning, but from always striving for improvement. This is what athletics, and life, is all about. Never stop pushing forward.

LADY BULLDOGS!

CLASS L 2006 STATE CHAMPIONS WE MAKE AND BREAK RECORDS!

In the last seconds of their last game of the season, the true value of teamwork became apparent, as Shanice Billington made a vital pass to Patrica Sampson. The clock was running out, and the opposing crowd was doing their victory dance. It seemed as if the Lady Bulldogs had come this far for naught, and were about to lose it in O/T. But it wasn't over. Pat fired off a shot that had monumental importance. Suddenly, the dancing stopped for Farmington, and the Bulkeley fans and team went wild. Outstanding teamwork, passing and shooting had won the game at the last second, ending Bulkeley's whirlwind season with a fantastic and record setting win. Determination. Courage. Strength. Perseverance. These are the attributes which the Lady Bulldogs have demonstrated all season. These are the traits that bring success to those who truly seek it. Your achievements have inspired each and every one of us more than you know. Thanks from the entire staff and student body of Bulkeley High School!

The moto for the girls basketball season through the season was "still climbing". On March 11, 2006 at approximately 3:30 PM our "Lady Bulldogs" finished the climb to the top with a last second shot by Patrica Sampson in overtime to defeat a tough Farmington team by a score of 43-42 in the Class L Championship game at Central Connecticut State University. For senior tri-captains Chaquaei Baskerville, Shanice Billington and Patrica Sampson, this capped a tremendous career for these three extraordinary players. In their freshman and sophomore

years they reached the quarter-finals. As juniors they reached the semi-finals. As seniors, they climbed to the finals with victories over Sacred Heart-Hamden, Waterford, Guilford and then the Championship Finale with Farmington. Quay, Shanice and Pat were supported by a talented group of teammates. Juniors Renee Haynes, Alicea Wells and Jessica Salmon along with sophomores Richelle Anderson and Sherece Huddlin played key roles in the climb to the championship.

Shanice, Quay and pat finished their careers with many accomplishments. Shanice finished as the all-time scoring leader finishing with 1,385 points. Chaquaei finished as the all-time rebounder with 658 rebounds and third in scoring with 1,142 points. Both Chaquaei and Shanice were selected to the All-State Girls Basketball Teams. Pat, in addition to scoring the winning basket for the championship, was also selected as MVP of the championship game. She finished her career with 1,012 points.

Bulkeley Girls basketball... 26-1. #1 in the Final State Poll, Class L State Champions..... Bulkeley is proud of the 2006 edition of the "Lady Bulldogs" ... there was a lot to cheer about in their "climb to the top"!

Coach Al Phillips

What a team, what a year! Unforgettable!

'Quay doing one of the things she does best.... getting a shot off while airborne. Notice that she is in the clear, no opposition. Perfect placement on the floor, sharp-shooter passing, or excellent defense? We would have to say it is a combination of all of these skills.... which explains the BHS girls' winning record!

Do you think Pat will remember this moment? We certainly will. History in the making. Go after life like your favorite game, and you will meet with much success (and get past the obstacles).

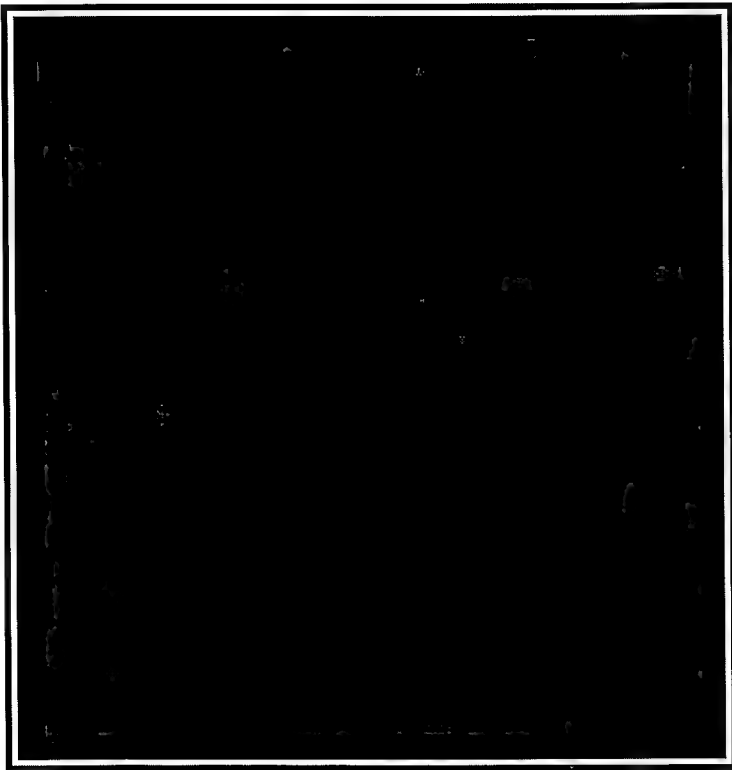

The Lady Bulldogs are bound to continue winning throughout the years, whether on the court, in the classroom, or in their chosen careers.

They know the secret: Make it your art. Whatever your chosen game, career or hobby, do it with heart, with love, and you will do it better than 'good enough'. Don't strive for good enough. Strive for excellent. They did.

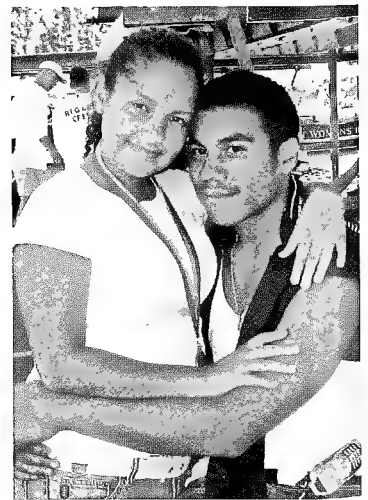

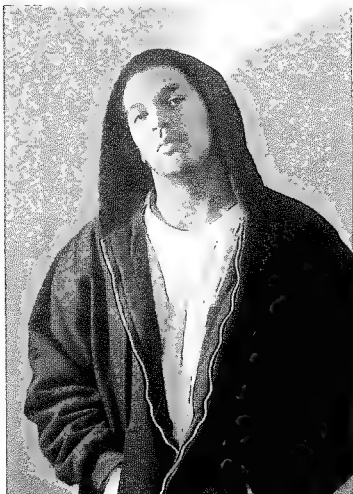

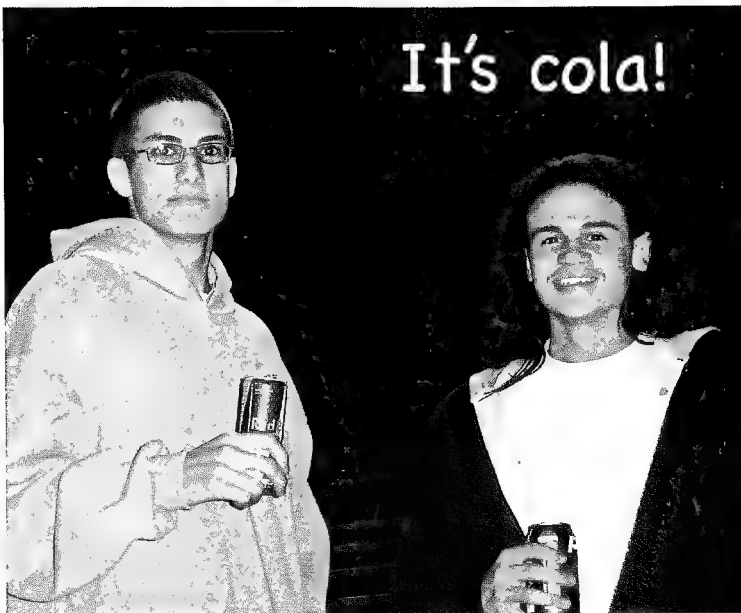

Shanice making life very difficult for a Farmington player.

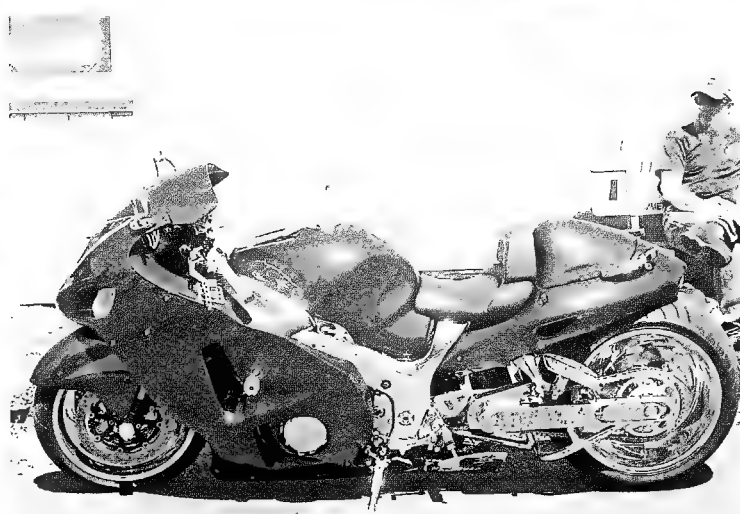

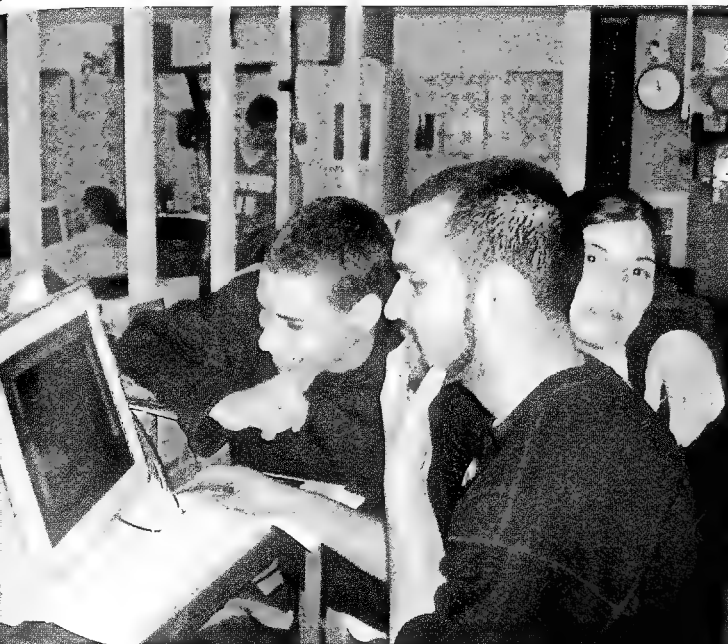

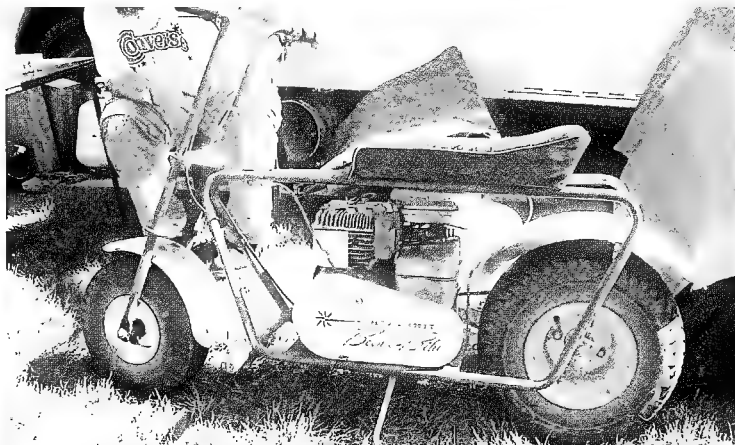

So then I asked my friend if she wanted to go to NYC to they fly. Did you know crew is a great team sport, and a have, the more money you will make. The more money

see Ellis Island. So we went. What a place! Saw some skulls on the river (that's a rowing boat, a shell) and man did great workout? Saw a Hayabusa. It was too fast! But it sure beat that old minibike. Hmm, The more schooling you make, the more you can buy, and the farther you can go. What a metaphor! Higher education, folks! Do it!

You with an education. You'll go places.

You with no education, you can't go as far or fast!

Hector sure looks serious..... that's how you reach your goals, you make a plan, you practice, you do the work, take the steps, basically doing what it takes to achieve, to win....you get serious. Ya think he wins because he spends all of his time on 'Myspace' or looking up ring tones? We don't think so!

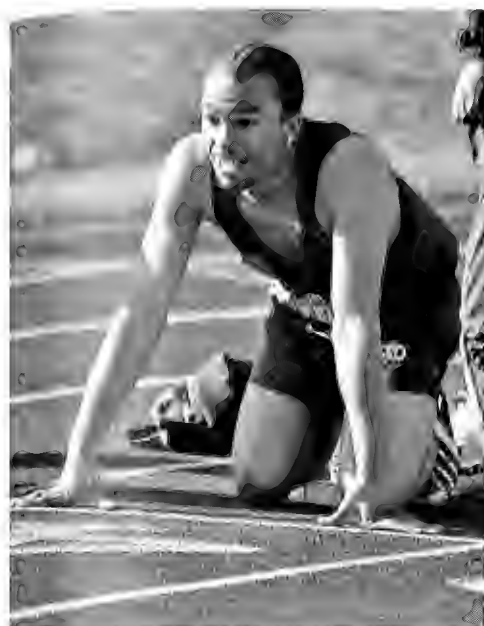

Alex doing one of the things he does best. That elbow is making sure he doesn't get turned around. A win is imminent!

TRACK AND FIELD

Track and Field athletes are a special breed, seeking challenges within themselves, looking for a higher personal best each time they perform. It is no surprise that these events are some of the oldest sports out there. Life was physically hard when most of these games were invented, and these modern athletes have to dig deep within themselves to get the results they do today. Back then, an athletes' life might depend on their performance. Today, the outcome may not be 'live or die', but it certainly can be 'I performed better today, therefore I am a better man or woman for my endeavors'. They strive for excellence. You can see it in their eyes, their faces, their demeanor.

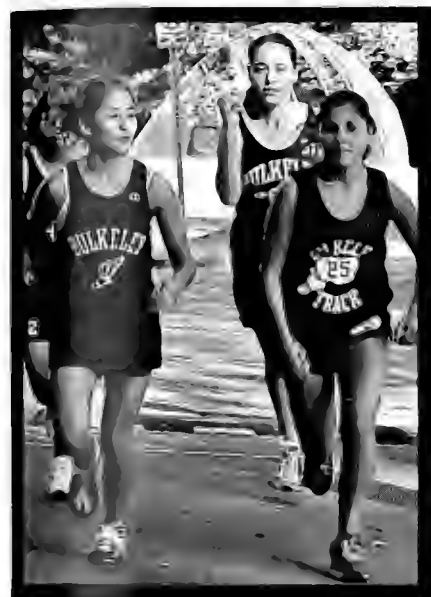

CROSS COUNTRY

Centuries ago, a runner was dispatched from a remote mountain village, to deliver an important message to a far-away leader. Lives depended on it. The message had to get through. The runner was alone, crossing rugged, hostile terrain. There were no corner stores to buy refreshments at. In fact, the runner probably had to worry about becoming a meal for a wild animal. Have you ever had to run so far, so fast, that you felt burning pain within you, and fought through it to run some more? Centuries ago, a runner did. These BHS athletes can probably tell you what it feels like too. Of course, the only wild animals they have to worry about are pit bulls, not jaguars!

Bulkeley Girls Tennis

In the right place.....

Life and sports, like tennis, are very similar. Being in the right place at the right time makes things tougher for 'the opponent', an easier on the player. The lesson of the match? Plan to be in the right place, prepared mentally and physically, at the right time. Like the athletes pictured here. Take your game, and your life seriously.....and have fun!

Different styles, same objective. Win, win, win.

Pam isn't smiling for a photo opportunity. She made a needed point in a doubles match. That's when Pam smiles during a match....when she makes the point. The rest of the time, it's the serious Pamela face.

Golf, it's a hard life. Really. If you've played it, you know what we mean. Using a long skinny club to try and knock a small ball way down a fairway, and ultimately, into a small cup. In a few strokes. That's a fun game? Oh yeah, it is! Ask these intrepid golfers!

BHS Cheerleading

Keeping us going

What would sports be without cheerleaders? Struggling teams would struggle more often. Fans wouldn't have as much positive energy. Half-time would be....boring! Thanks to all the cheer squad members who worked so hard practicing so they could wow us with their routines. Thanks for the time spent coming up with new routines. And thanks for taking the sting out of a game gone bad! Here are some pics from down memory lane....remember those days? Time flies!

MORE BHS TRACK

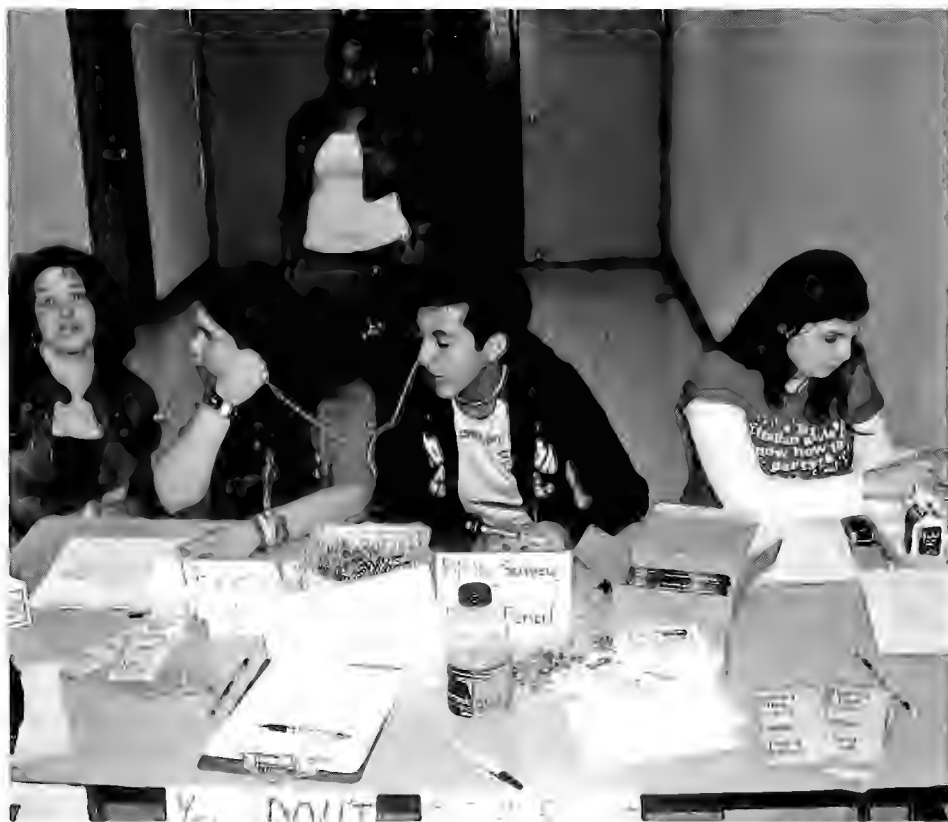

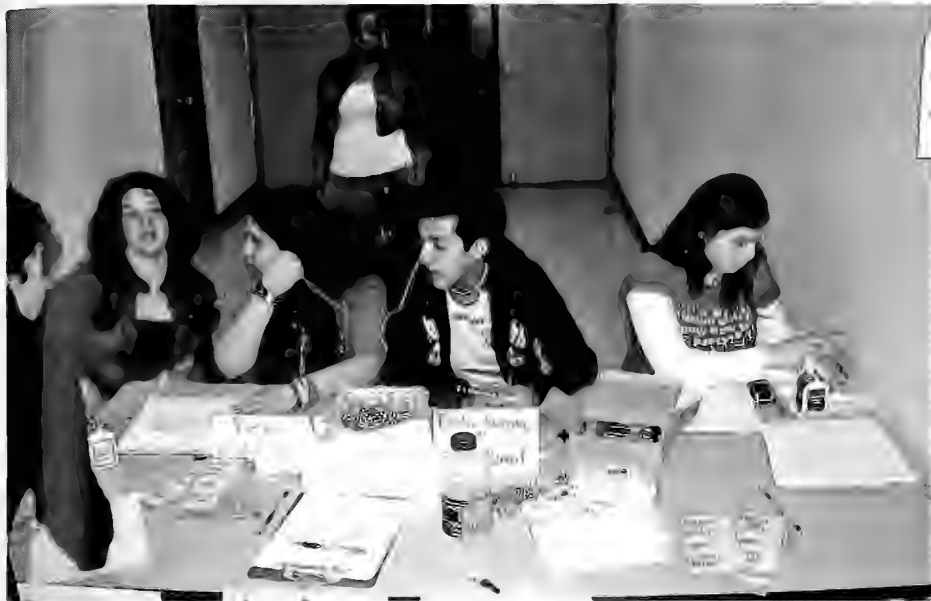

Why more Track pictures? The Track and Field section showed mostly field activities, so we put the track pictures here. So many athletes, so little space! Seriously though, look at the faces and body language on these athletes. Looks of focus, of pain, concern, happiness, concentration, determination, strength, willpower, and personal introspection. These are the things that make one stronger, better, happier in sports, and in life. OK, enough with the words of wisdom. Time for us to do some stretches, and run. Can't cut back on practice time!

Future plans: Virginia State University, and after that, a career that I like, and a happy life.

And now it's time to say good-bye, as you leave the halls of Bulkeley High. You have had four years of fun, trials and tribulations, good times, and sad times. You have gained friends, and lost some too. Some of those friends helped you move forward. Some didn't. It is time for you to move on from those days of calling everyone friends. You are now entering the age where many will become just acquaintances. You will go from quantity of friends to quality. True friends will want you to succeed. True friends will not lead you down the wrong paths (and there are many of those paths). True friends will let you stretch your wings and fly when you need to fly. You are entering the age where friends can be younger or older than you, and from different places and viewpoints than your own. Seek out positive people. Avoid hate and negative energy. Your potential, combined with a positive outlook, can....and will, change the world.

H. Kolding

You take care out
there now, you hear?
Live a life with love,
work and fun, and
you'll be happy!

From mr. Booker to the class of 2006

You will have many obstacles and hurdles that you will encounter in your life. You should never ever get discouraged, because you can overcome any barrier that is put in your way. You must always have a goal and stay focused on your task. If you are not determined, you will miss out on opportunities that may come your way. One thing I want you to remember is that you must have a plan after you finish high school. Whatever you do in your life, you must be dedicated to the project. My mother used to tell me that after high school, you need to do something such as get a trade, go to school, go to college, or go to the military. Remember, you have to do something after high school. It is very important to remember that you have choices to make. Remember to always have a plan and stay focused on your goals. "Your worst enemy in life is yourself". I will leave the class of 2006 with a poem by Tupac Shakur. If you ever feel like you are going through difficult times, please reflect on this poem.

"If I fail"

If in my quest to achieve my goals
I stumble or crumble or lose my soul
Those that knew me would easily co-sign
There was never a life as hard as mine
No father, no money, no chance and no guide
I only follow my voice inside
if it guides me wrong
And I do not win
I will learn from my mistakes
And try again.....

"Without struggle there is no progress"
